## SAE Group - Case Study Ballina Car Wash 21.6kWp Solar PV System

Client	Ballina Car Wash
Location	Piper Drive Ballina NSW
Application	Solar PV
Panels	WINAICO 90 x 240W (21.6kW)
Inverter	Aurora 10kW & Aurora 12.5kW 3 Phase
Racking	Antai Solar
Installation date	July 2012

### Testimonial

Ballina Car Wash chose to install a PV system on the roof of our facility because we care about the environment. We are perfectionists and chose to use SAE Group and WINAICO panels because we also care about quality and performance. We are so far more than happy with the output of the system. This allows us to verify our commitment to the environment as well as improving our business expenses by reducing our electricity consumption and therefore greenhouse gas emissions.
